

Acuitas welcomes new Facilities Management Director

Acuitas Caribbean FM Co. Ltd recently appointed Ms. Giselle Holder as its newest Director. Giselle has worked with Acuitas Caribbean Limited for over ten years and has exemplified our core values of integrity, professionalism, leadership, a genuine passion for excellence and all packaged to have fun.

Giselle, enabled by her BSc. in Electrical Engineering and MSc. in Facilities Management, is the champion of the Acuitas FM strategy, driving it along its path of providing “best in class” consultancy services to Clients who wish to create and/or optimize their own in-house FM capability.

It is Giselle’s main goal through this new position to tap into one of Acuitas’ greatest assets which is a multi-disciplinary professional team ranging from engineers like herself to architects, quantity surveyors and project managers, to ensure that both present and future Clients’ enjoy the success of optimized FM performance in their organization.

Recognizing that Business Executives must also be equipped with the basic knowledge and understanding of FM, Acuitas FM’s service, led by Giselle, ensures that FM delivery must be aligned with the client’s overall operational strategy as this is what will move any organization from performing well to performing exceptionally.

Giselle is one of the leading FM advocates trained to help sharpen the FM practice through education and hopes that other persons in the field will take the opportunity to solidify what they already know and gain new skills and insights in the field through certification in an IFMA credential offered by Acuitas.

We congratulate Giselle on her new position and look forward to her continued success!
